Elijah Goh

Web developer

iamchoonggg@gmail.com
github.com/choonggg
choonggg.github.io

Enjoys reading and coding a little too much - you may just spot me in a cafe reading (about code of course) or actually coding! Primarily utilizing Ruby on Rails to build ambitious web applications.

Working remotely for a few years, I can communicate and work well with a team, or alone effectively.

Expertise

Technical

Understanding of **MVC model and OOP**, practical knowledge with **git workflow**.

Experienced with
- Ruby, Rails. Practices PORO patterns in rails
- jQuery, React, Vue
- HTML SCSS, flexbox
